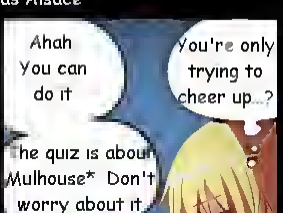
Ghuh
Ugh
I figured I would
also test...

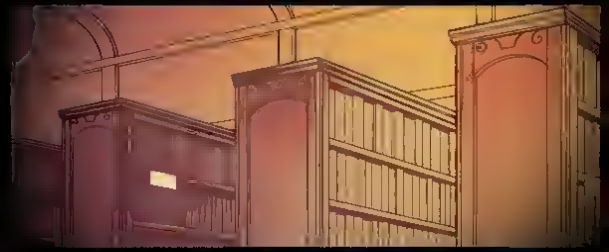
*TLN: Also known as Alsace



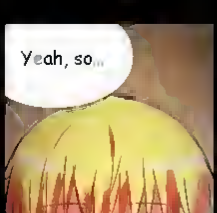
Oh, Lark. After school, I'm going to the coffee shop with the others. wanna come along?
Oh, no...
I'm going to the library

CREPUSCULE

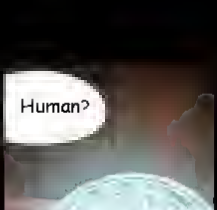
크레퓌스큘



There's too many books...
Hmm so, tell your keywords here
Or type the book title

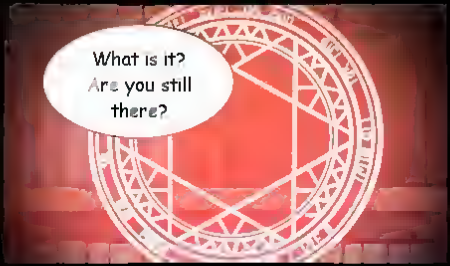


Yeah, so...

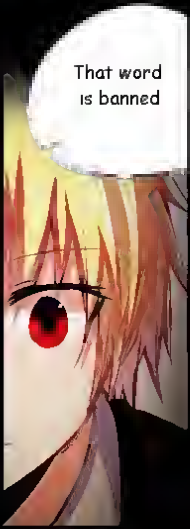


Human?

What?



What is it?
Are you still
there?



That word
is banned

헉

Damn..
such a hard day
헉
헉
I was very
surprised that...

The school library forbidden word was...
Huh?

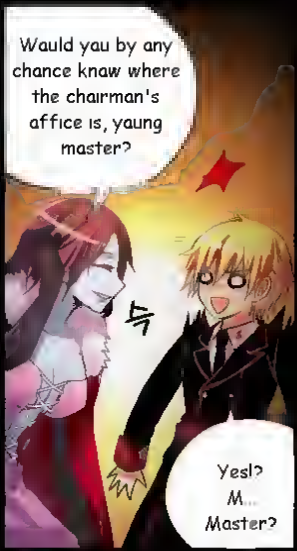
The senate obviously doesn't seem to have elapsed an announcement yet
Soon, the governance system will change but
Somehow, the school is too quiet. It's like if nothing happened

Since then, no matter how I call, Tepes never answer.
There's no way to know what's going to happen

As it is, I've decided on what I'm going to do

또각
Who's that...?
또각

Huh?



Wauld yau by any chance knaw where the chairman's affice is, yaung master?
Yes!?
M...
Master?

From here, to go to the chairman's office, you go straight down to the right
I guess so

Thank you

Sfx: Pokak. pokak. mumbok. mumbok
(TLN : guess it's the sound of walking with high heels)

Pa, Panda...

아니

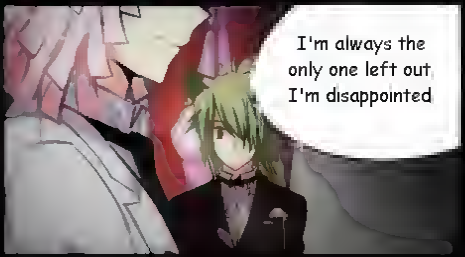
.....
탁
탁
똑각
똑각

That kid is the one who made the Senate kneel?
He doesn't look like that at all

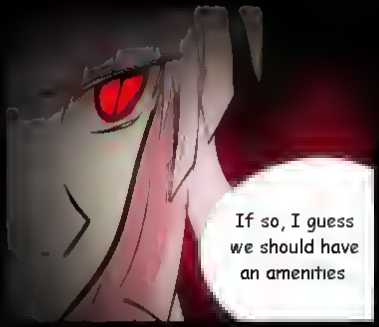
Fram what I've heard
It was alsa because af Nergal?
Huhuh...

What Navarus says is the truth
We have things to take care of

Lard Nergal
The cauncil is having a secret meeting ardered by Lard Navarus
Huhuh ...



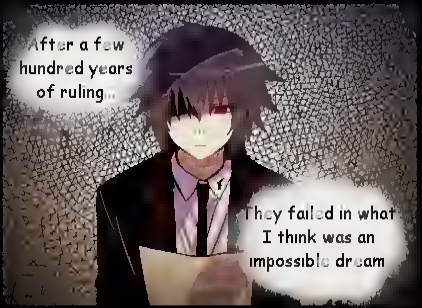
I'm always the
only one left out
I'm disappointed



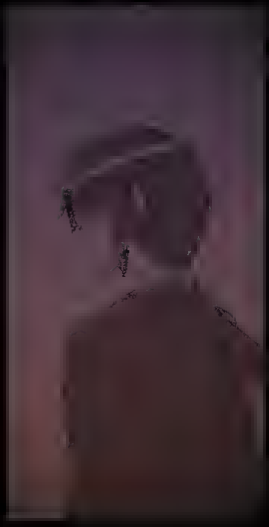
If so, I guess we should have an amenities

The local structure should be really satisfied, since Nergal isn't part of the Council anymore
From now on, the power of the Council is going to the ruler of the place

In the center of it my father Navarus
Will get real power



After a few hundred years of ruling...
They failed in what I think was an impossible dream



Tepes's presence
Has changed everything

This is how the world is now
The next thing will be to succeed the current council

TLN : Looks like Seth is reading a letter I doubt he would ever say something like this haha

...Lark

To be continued
